

# UNIVERSAL SPORTS TRICOT

Article No. 06110-2200

Applications: Sport Shirts • Leggings

*"As the name of the product suggests, the product is already very popular among sports applications."*

The name should be not mistaken with the tricot construction from warp knitting technology! "Universal Sports Tricot" is produced in the fine and tight interlock construction. The synthetic material barely absorbs moisture and dries quickly. This ensures pleasant wearing comfort during high-intensity sports such as soccer or basketball.

## Print technology

## Facts

Composition	100 % Polyester
Material	Interlock
Width	152 cm*
Weight	180 g/m <sup>2</sup>
Selvedge	Glued selvedge

\*Due to the stretchable construction of knitted fabrics, deviations of +/- 2cm may occur.

## Remarks

**Important:** Run a print test! Many factors influence the textile during printing and application. All technical data were determined according to the current state of measurement technology and reflect the values of the measurement sample. Despite the highest quality standards, there may be production deviations – all information are legally non-binding and without guarantee.
