EL 9206-1148

Single-sided fabric frame, suitable for wall mounting. The frame is only 50 mm thick, it has an elegant look and is suitable for many solutions. This aluminum profile is designed to give a perfect illumination to your textileprint.

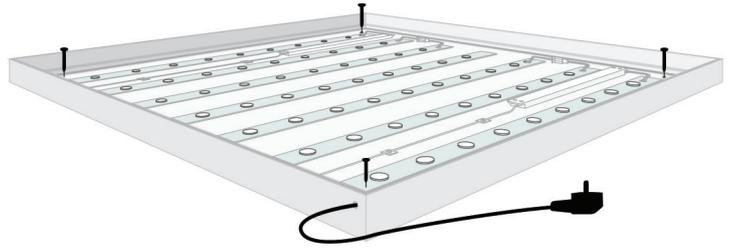

By lighting from the back, it creates a high quality light distribution.

- Illumination by LED's on dibond
- Easy wall mounting by simply drilling the dibond
- Equal light spreading for perfect illumination
- Thickness of only 50mm

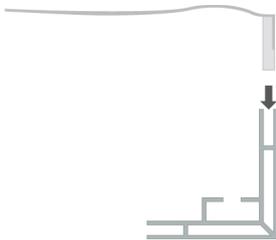

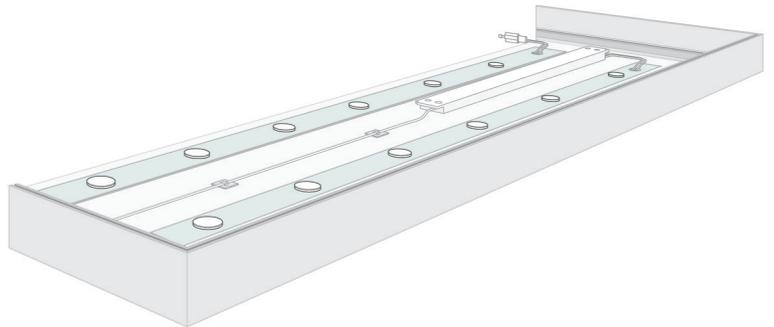

WALLMOUNT

Easy wallmount by drilling the dibond.

BACK LIGHT DIBOND

5000-7000k White.
1.2W 24V. 12, 6, 3 or 2 lenses.

Place the textile print in the frame. Start with the corners and press the silicone strip in the channel.
