

EC-CERTIFICATE OF CONFORMITY

0913 – CPD – 2009 / 001

In compliance the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive - CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product

**Retroreflective sheetings 5710 Engineer Grade
for permanent vertical traffic signs,
with colours white, yellow, red, blue, green, orange and brown,
manufactured by using glass-bead technology
Daylight chromaticity according to EN 12899-1:2007 table 2 class CR2
Coefficient of retroreflection according to EN 12899-1:2007 table 3 class RA1**

placed on the market by

**ORAFOL Europe GmbH
Orafolstraße 2
16515 Oranienburg**

and produced in the factory

**Werk Oranienburg
Orafolstraße 2
16515 Oranienburg**

is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the approved body – StrAus-Zert - has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in Annex ZA of the standard

EN 12899-1:2007,

were applied and that the product fulfils all the prescribed requirements.

This certificate was first issued on march 17th 2009 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly .

Attachement to EC-Certificate of conformity 0913 – CPD – 2009 / 001

The tested and certified retroreflective sheeting Oralite 5710 Engineer Grade to be used for permanent vertical traffic signs is accepted to be coloured by the below listed materials:

Print colours:

Oralite Screen printing colour Black 5018-070
Oralite Screen printing colour Yellow 5018-020
Oralite Screen printing colour Red 5018-030
Oralite Screen printing colour Blue 5018-050
Oralite Screen printing colour Green 5018-060

The fitness for use of these colours is tested according to EN 12899-1 and -5. The evaluation is based on the test-report GVZ-ormp 07 dated from 14.4.2009.

The manufacturer of the permanent vertical traffic sign is responsible for conformity with the mandated characteristics according to EN 12899-1 by using these materials.
